

SCOOTER RACK

Product Code: SFD423

PRODUCT DESCRIPTION

With the increase in popularity of scooters we were getting more and more requests to come up with a suitable storage option. Our design team came up with our Scooter Rack which as standard holds 10 Scooters.

We are able to produce bespoke Scooter Racks to your requirements. We have provide many schools across the country with Scooter Racks, as we find schools actively working to have children come to school on there Scooters to help with a healthy lifestyle. If you have any question or special requirements please call one of our trained advisers.
