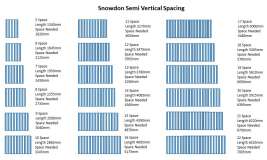
SNOWDON SEMI VERTICAL CYCLE RACK

Product Code: SFD413

** BULK BUY DISCOUNT*

INSTALLATION AVAILABLE



PRODUCT DESCRIPTION

No Hidden Charges - price shown is 'per bike'

The Snowdon Semi Vertical Cycle Rack has been designed for space saving. These Cycle Stands are very popular in areas where space is at a premium such as Train Stations, Shopping Centres, Car Parks, Offices, Apartments.

The bicycles are stored semi vertically with the front and rear wheel supported in a custom designed trough. With there being a wide range of bicycles on the market, the Snowdon Semi Vertical Rack Stand has been designed to hold everything from Road Bikes to Mountain Bikes with extra wide tyres.

You can arrange the Snowdon Semi Vertical Rack in any number to accommodate as many bicycles as you need, it just comes down to how much space there is available.

*We are able to offer free site visits on certain projects depending on location
and quantity required.

The lengths per rack are calculated on 305mm Centres and allowing for end space of 300mm per end.
So the Length of a 9 space is (8 x 305mm = 2440mm + 600mm = 3040mm total length).
