

MODERN RUBBER BOLLARD

Product Code: SFD5174

PRODUCT DESCRIPTION

The modern rubber bollard has been designed to be used in surroundings permitting a modern but still timeless design without requirement of the reflective area. The Modern bollard is the strongest in the range requiring a collision force of more than 400 kilos to bend the bollard to an angle of up to 45 degrees.

Rubber Bollard is solid and consists of 60% new rubber and 40% of vulcanised rubber from the production of transmission belts and V-belts.

SPECIFICATIONS

Weight	47.00 kg
Height	1500mm
Diameter	187mm
Fixing	Root Fixed
Material	Rubber
Colour	Black
