

WALL STREET BENCH

Product Code: SFD253

PRODUCT DESCRIPTION

The furnishing of public places and communal facilities is often difficult. A neutral and simple seating which underlines the ambience without being too conspicuous is quite rarely. This gap closes the "Wall Street 955". Their sovereign appearance underscores the atmosphere of architecturally environments - even on cobbles!

All our recycled plastic seating is weather, oil, acid & seawater resistant, and is UV protected. It doesn't degrade or splinter like timber. It doesn't absorb water and the surface is fast drying. Recycled plastic is made from recycled materials and can be 100% recycled at end of life, making it an environmentally friendly option.
