

## TULIPA PATH LIGHT

Product Code: SFD584

'Tulipa' head simply screws on and off  
for easy access to the ES bulb holder

## PRODUCT DESCRIPTION

The Tulipa 500 G is a contemporary, mini surface mounted post light with a unique appearance. This 0.5m robust path light is made of aluminium with a dark charcoal grey powder coated finish and white polypropylene diffuser which is quite a contrast. The curved shape of the Tulipa Head is designed to act as a downlight / spreadlight, illuminating the path below. Rated IP44, this contemporary illuminated post is ideal for use in any garden or outdoor space. Use with an LED bulb to save energy and maintenance costs. Also available in dark grey in both 500mm and 750mm bollards, as well as matching wall lights to continue the look throughout.
