

ACHILLES OUTDOOR 2 COMPARTMENT BIN

Product Code: SFD358

PRODUCT DESCRIPTION

The Achilles Bin provides two separate waste collection points for mixed waste and recycling, which in an ever demanding world on recycling targets is becoming the standard in most environments. With a modern and dynamic silver finish the Achilles 2 compartment bin provides excellent waste collection facilities without compromising on design.

- Hooded lid
- Two separate compartments
- Steel frame with silver epoxy powder coated finish
- Supplied with Recycling graphics "Mixed Recycling" and "General Waste"
- Lockable
- 2 x 39 litre plastic liners
- Ground fixing bolts available
