

SAFETY MIRROR

Product Code: SFD703

* BULK BUY DISCOUNT

PRODUCT DESCRIPTION

- Convex mirrors eliminate blind spots for vehicles and pedestrians and improve surveillance in retail stores.
- The reflective surface is made of a special flexible plastic that returns to its original shape after being deformed.
- Provide maximum visibility at crossroads, intersections and other restricted view areas.
- The most economic and efficient way of reducing losses caused by vandalism and pilferage.
- Safety convex mirrors are suitable for any kind of outdoor or indoor areas with poor visibility.
