

REMOVABLE BOLLARD

Product Code: SFD55

** BULK BUY DISCOUNT*

PRODUCT DESCRIPTION

The Removable Bollard is ideal for offering security to a restricted area, that also allows access to the site.

This bollard can be removed temporarily to allow vehicle access. Then locked back in place to stop unauthorised vehicles. Standing 965mm above ground, and 250mm below ground, we recommend a minimum mounting depth of 300mm.

Street Furniture Direct offers solutions to many budget needs, this removable bollard is no different. The bollard weighs 7 kilos making it lightweight and easily removable from the base socket.

The Removable Bollard is powder coated black with a single white band as standard.

Can be supplied with a padlock.
