

SOLEDAT CORTEN STEEL PLANTER

Product Code: SFD630

PRODUCT DESCRIPTION

Soledat Corten Steel Planter has a unique shape with one edge slightly lower than the other. The higher edge has a stainless steel rail which adds a contrasting visual element.

Corten Steel has a distinctively rugged appearance while being a very hard-wearing material. Ideal for projects that have a corten steel theme.

Our Corten Steel Planters will need time to weather therefore please allow longer time for delivery.
