

BARCELONA PU BOLLARD - 1004MM

Product Code: SFD480

PRODUCT DESCRIPTION

The Barcelona bollard is manufactured from durable polyurethane and once mounted in the ground, can regain its verticality even after flexing to 90%. Available in various colours and with a reflective band as standard, this bollard is suitable for a variety of urban environments.

Root Fixed - we recommend fixing to a depth of 192mm, leaving a useable length of 812mm above ground

Anchoring ring available for purchase
