

AIR BENCH

Product Code: SFD964

PRODUCT DESCRIPTION

The AIR bench is crafted from high-quality polyethylene, making it both eco-friendly and recyclable. It exhibits exceptional durability against UV rays and marine conditions, offers strong resistance to chemical agents and impacts, and remains impervious to parasites.

Features:

- Environmentally friendly and recyclable
- Anti-graffiti surface that is easy to clean
- Minimal maintenance required
- Cost-effective and long-lasting
- UV-resistant
- Highly robust

Anchoring: Secured with 4 M8x80 mm anchor screws.
