

ECOCITY RECYCLED PLASTIC SEAT

Product Code: ECOCITY-BANCO-PRM

PRODUCT DESCRIPTION

The EcoCity bench features five slats made from 100% recycled plastic in brown, with thermoplastic legs containing recycled material.

Materials:

- **Legs:** Pressure-injected thermoplastic with recycled content.
- **Slats:** Mixed recycled polymer sourced from post-consumer domestic waste and recovered from industrial and agricultural sectors.

Finish:

- **Legs:** Corten colour.
- **Slats:** No treatment required.

Anchoring: Secured by embedding with six screws.
